

4. Study the following table used to compute the tax payable by employees in certain organization

<b>Gross Pay</b>	<b>Fewer than Three Dependants</b>	<b>Three or more Dependants</b>
KSh 10,000 or less	Tax rate=0	Tax rate=0
More than KSh10, 000 and less than or equal to KSh20, 000	Tax rate=15%	Tax rate = 10%
Over KSh20, 000	Tax rate=35%	Tax rate=25%

A program is required to input the gross pay

and number of dependents of an employee and then computes for the tax payable and net pay. The program should output gross pay, tax payable and the net pay of an employee in a suitable format.

**Hint:**

Tax payable = Gross pay \* Tax rate

Net pay = Gross pay - Tax payable

Requires

- Draw the flowchart of your solution
- Write the corresponding program
